

2022 ANNUAL REPORT

The Judith Ann Mogan Foundation (JAMF) invited eligible nonprofits and publicly funded organizations to submit a Letter of Inquiry (LOI), followed by a grant application process for those who qualified, through JAMF's online portal at www.jamoganfoundation.org. 2022 saw the distribution of more than \$1.4MM in grants to 39 projects from 35 organizations.

Message from JAMF President, Joe McKeown:

"We are happy to support the organizations who do so much to strengthen our local communities. JAMF is a Coos Bay-based private foundation that represents the legacy of the Al Peirce family and business. It was funded in 2020 through the generosity of Al and Hilda Peirce's daughter Judith Ann Mogan and the Al Peirce Co., LLC."

Priority areas for 2022 were the same as in 2021, plus:

- Arts & Culture Advancement
- Healthy & Productive Environment

2022 Grantee Spotlight

Coquille Valley Art Assoc. - Replace Oil Furnace with Heat Pump

"The building is almost 100 years old, we are constantly struggling to preserve (it)... The cost of fuel has skyrocketed, plus we need to be more environmentally conscious with our energy choices... Since we are a gathering place (for our members and the community), it is imperative that we ... preserve the facility for us and for future generations."

- CVAA Grant Application

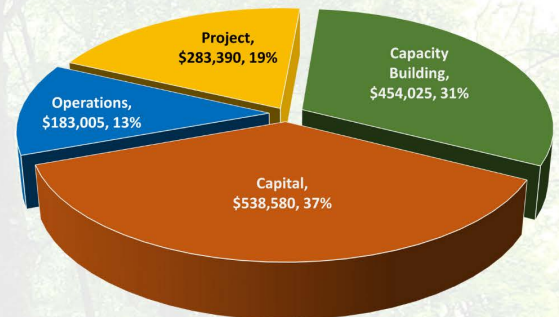

Nancy Devereux Center - Dream Again Thrift Emporium & Vocational Training

"Every item sold at Dream Again will help the Devereux Center in its mission to help the homeless get off the streets... The storefront is a thrift store, but a downstairs portion of the building will be used for vocational training."

- David Rupkalvis, The World News.

2022 GRANTS BY TYPE OF PROJECT

2021 and 2022
TOTAL GRANTS APPROVED:
\$3,004,248
